## Nursery Class Weekly Update Date: January 10 - 14, 2022

z

Welcome Back! I hope everyone had a great vacation and a good rest ☺

y

This week we ended our opposite theme and we focused on learning "Big and little" During this theme the little ones were able to understand the concept of opposites by using their five senses. By giving them chances to explore opposite's children began to learn skills in math, science and problem solving. Include the differences between big/little, hot/cold, up/down, and hard and soft.

The little ones also enjoyed outdoor play, walking across the playground taking *little steps* and *big steps*, played and identified big and little balls, and touch and feel hard and soft objects.
