## **A SCHOOL UNIFORM IS VALUABLE IN CONTRIBUTING**

to the ethos of Shanghai Livingston American School as well as setting the tone for the school dress code. School uniforms instill a sense of camaraderie and belonging amongst students, and as a result, reinforces positive behavior. Furthermore, school uniforms encourage and instill esprit de corps, which further unite and identify SLAS students as wildcats!

It is the responsibility of parents to ensure that their student arrives to school in conformance with SLAS uniform policy. All students are to wear clothes that are freshly laundered and presentable, and in a good state of repair.

We strongly suggest that all articles of clothing have the student's name written on the inside of the shirt, so that they may be returned if lost.

Students should be in full school uniform at all times during school day, including breaks and lunchtime.
